## **UD Wins 2018 Governor's Award for Local Government Excellence!**

### **Upper Dublin Township Recognized for Economic Development Work**

I'm pleased to announce that Upper Dublin Township has been awarded the 2018 Governor's Award for Local Government Excellence. Upper Dublin received the award for its work championing economic development and job creation, best exemplified by its public efforts supporting the Fort Washington Office Park, which is a major driver of business in the district.

In 1955 the Fort Washington Office Park broke ground. It was the first modern business park on the East Coast. After 60 years, the park is showing its age; it suffered from obsolete commercial properties and infrastructure, compounded by historic flooding from major storms.

The township's Board of Commissioners, staff, planners, and engineers have worked to solve these persistent problems to revitalize the Fort Washington Office Park. This public improvement initiative has led to significant reinvestment by the private sector. This has resulted in hundreds of jobs being created helping Upper Dublin return to its status as an economic driver and magnet park.

## **Automatic Vehicle Locations**

Upper Dublin Township was involved in a pilot study for using AVL (automatic vehicle locations) to send the nearest available emergency unit to a priority 1 call. That pilot has resulted in the entire County committing to the same dispatch protocol. This approach will reduce response time by about 2 minutes from the average.
